

WELCOME TO ST. THERESA SCHOOL

Compassion - Responsibility - Excellence in Learning...

PRE-K 3

MARGARITA MORIBALDI

Pre-K3 is such an exciting place. This is where children develop a love for learning and a joy in coming to school. We will help them build the academic foundation that will carry them through all their future grades by working on developmentally appropriate reading and math readiness activities. In addition to academic readiness, Talking about Jesus and about kindness is an important part of our day. Pre-K3 will also help your child develop independence from home and to become more self-reliant and self-confident. Your child will be excited about making new friends and will have fun while learning new concepts.
