

WELCOME TO ST. THERESA SCHOOL

COMPASSION-RESPONSIBILITY- EXCELLENCE IN LEARNING

FIRST GRADE 1

AMBER SIERANT

First grade is a fun and engaging time for students. Some come into first grade reading, while others are still practicing letter sounds. Some can recite addition/subtraction problems, while others are still mastering numbers and basic shapes. Every child learns at his/her own pace. No matter what previous knowledge a child has, they will leave 1st grade as a more confident reader, writer, mathematician, and problem solver who has a love for Jesus and the teachings of Don Bosco and Mary Mazzarello. My classroom is taught with whole group instruction, small group learning, individual classwork times and center based activities. Through constant monitoring, I hope to make sure each child is prepared to move to the next level while feeling safe, loved, and supported in their learning journey.

Facts About My Classroom

- † Students use hands-on materials along with textbooks, workbooks, worksheets, and technology to support and enhance the current standards.
- † Differentiated instruction & one-to-one assistance
- † Leveled reading groups to support all readers
- † Technology is incorporated across the curriculum and has been used for Virtual Learning.
- † Music, Movement, Computers, Art, Spanish, Physical Education and Brain Breaks are built into the curriculum.
- † Structured Daily Schedule so students know what is expected of them.
