COMPASSION- RESPONSIBILITY- EXCELLENCE IN LEARNING

PRE-K 3B

MARY DIQUINZIO

"MRS. D."

As an Early Childhood teacher I am responsible for providing young children with their first, positive learning experiences. I have always wanted to inspire children to use their imaginations and explore their surroundings. I love fostering their growing independence and their discovery of the world around them. Young children are open to learning not just about their environment and pre-academic skills, but also to discovering their relationship with their friends, family, and God. In a loving environment they feel safe to interact in learning and to express themselves. Open communication with parents is essential to providing the best possible learning experience and growth.
