

WELCOME TO THERESA SCHOOL

COMPASSION-RESPONSIBILITY-EXCELLENCE IN LEARNING

KINDERGARTEN

KIMBERLY KELLY

I believe every child can learn and has the potential to succeed. I am committed to creating a classroom environment where each child is a valued, trusted, and integral part of our family of learners. I foster my students' confidence by supporting self discovery, responsibility and self awareness. Learning is a lifelong adventure and it is my passion to inspire a desire to explore and imagine, to wonder and marvel, and to ask questions about the world around us. Kindergarten should honor childhood. I want children to be active learners, disciplined, creative thinkers; to learn to work hard, make good choices, and be kind. I want children to love coming to school each day, just like I do!
